

# WE LIVE AT TANGLEWOOD

Tanglewood in Malvern is a 7 bedded residential home for adults aged 18-65 who have communication difficulties.

Set at the foot of the beautiful Malvern Hills, there are some lovely walks and picnic areas that we like to use. We are an active bunch, and we enjoy being out and about. We go cycling, horse riding, to hydro and music sessions, to cinemas and theatres and pubs. We enjoy holidays away, visits to and from family and day trips out all over the place. Ideally, we need drivers to help us to get around.

We like to be involved at home too, and enjoy cooking, baking, arts and crafts and pamper sessions, and we love being in the garden doing jobs or just relaxing, so if you don't drive you can still support us.

We need staff to support us 24-7, so there are early shifts, late shifts, night shifts, and these are every day of the week. Some of us need help with medication, eating and drinking and continence support, and some mobility help.

We are open to applications from weekend workers to suit anyone who might be studying for example, or hours to suit from part to full time and including relief/ bank staff hours.

Picnic...

On line dance session...

Outreach music in the garden....

Art project...
